

Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Tuesday 27 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Showers or longer spells of rain, some heavy and thundery.

This Evening and Tonight:

Scattered locally heavy and thundery showers continuing into the evening, but tending to die out overnight. However, thickening cloud will bring some more general rain at times by morning. Minimum temperature 12 deg C (54 deg F).

Wednesday:

Some spells of rain at first, but sunshine and showers by the afternoon, these again possibly heavy and thundery. Breezier and feeling fresher than of late. Maximum temperature 20 deg C (68 deg F).

Outlook for Thursday to Saturday:

Often changeable and breezy through the period, with a mixture of sunshine and showers, some heavy and thundery. Feeling much cooler than of late.
